

## **Competitor Bulletin #2008-11**

**To:** Rolex Series Competitors  
**From:** Grand-Am  
**Date:** June 23, 2008  
**Subject:** Pre-event Rig Staging for the Brumos 250/ Paddock Space Allotment

---

Please review the accompanying map for correct staging of your transporter prior to entering Daytona International Speedway.

Pre-event rig staging for the Brumos 250 will be in the Superstretch off of Midway Blvd. All rigs should enter through Gate 70.

Do not attempt to enter at Gate 7, Gate 40, or Bill France Blvd. (tunnel entrance). Gate 70 off of Midway Blvd. is the **only** entrance for pre-event staging and will open at 8 AM on Tuesday, July 1.

Rolex Series Rig parking will start at 2 PM on Wednesday, July 2.

Only credentialed drivers and passengers will be allowed to enter with the transporters. Truck occupants without a Grand-Am 2008 hard card must purchase a credential at Grand-Am Registration. Do not take transporters to Registration.

**Attention Team Managers:** Please make sure that your transporter complies with Section 14.3 in the General Automobile Regulations (page 80) of the 2008 Grand-Am Rule Book (currently available online at [grand-am.com](http://grand-am.com)).

During the parking procedure, directions will be given on CB Channel 40.

**NOTE:** For this event, each entry will be allowed a 20' x 90' work area in which their transporter, car, set up pad and all equipment must fit into.
