

Technical Bulletin #2009-03

To: All Grand-Am Competitors
 Effective: Immediately, unless otherwise noted.
 From: Grand-Am
 Date: January 8, 2009

(Changes in Red)

SPORTING REGULATIONS

9-8.1 When fueling in the paddock area, proper protective clothing must be worn (See 9-6.8) and there must be a manned fire extinguisher present. (Remainder of section to remain as printed).

GENERAL AUTOMOBILE REGULATIONS

2-5 Headlights (Add new sentence)

2-5.3 In events run in darkness, where headlights are required, headlights and taillights must remain functional and on when the car is stopped and/ or if the engine is not running.

2-5.4 It is not permitted to use flashing or strobe effect headlights while on course. Flashing or strobe lights may be used in conjunction with the speed limiter in pit lane.

15-1 Driver Equipment (Add new sentence)

The following must be worn/ used during all on-track activity and must be used in accordance with the manufacturer's instructions. It is the sole responsibility of the driver to ensure that all safety items are correctly installed, maintained and properly used. All driver safety equipment including nets, belts, restraint devices, etc. must remain on and in place until the car comes to a stop in its pit location. All equipment must be installed and be in the proper place prior to the car leaving the pit space.
